**Is a Chapter of
PrimeTimers®
Worldwide**

PrimeTimers® World Wide {PTWW} provides gay men and their admirers opportunities to come together in a supportive way. These include social, educational and recreational activities.

PTWW was founded in 1987 and has emerged as a leading force in the gay and bisexual communities, and, while PTWW is not political, it is concerned with society as it affects our gay and bisexual population. As PTWW continues to grow, it will be leading the pack in seeking answers to the needs and problems of maturing gay men and their admirers.
